

**An Exciting New Twist in Giving Back to the Community!**

*Every year, hundreds of fundraising events are held to raise money and awareness for various schools, non-profits and community organizations. The Warwick Valley Chamber of Commerce has now decided to implement a new fundraising program that benefits not only those who receive, but those who give as well!*

*Dr. Ray Bryant, Superintendent of the Warwick Valley Central School District, initiated this concept, creating a win-win for all those involved while supporting local businesses. The Chamber will be creating a database with a list of all businesses wishing to participate in this innovative new program. Each participating member will now have the opportunity to “customize” its offerings for fundraising in a way that not only gives back to the community, but benefits the business as well.*

*If you would like to participate, please fill in the information listed below and either mail, email or fax it back to our office.*
