CHAMBER Connection

Vol. 3, August 2025

from the PRESIDENT

Mike Cordero

Summer is here! I trust you are enjoying all that the Warwick Valley has to offer. We have so many opportunities to make our hometown a perfect “staycation” destination. Whether it’s the pool at Mountain Lake Park, kayaking at Wickham Lake, boating on Greenwood Lake, hiking the Appalachian Trail or, if you are like me, a round at one of our 10 golf courses.

Before you know it, our children will be back at school. This fall experience the vibrant spirit of our community with two signature events—the annual Taste

of Warwick and Applefest! Join us on September 9th for Taste of Warwick at the Warwick Valley Winery, where local restaurants and wineries showcase their culinary creativity and regional flavors. Savor delicious food, sample fine wines, and connect with neighbors and friends. Then, mark your calendars for October 5th as Applefest returns to Warwick’s historic village. Enjoy arts and crafts, live music, and, of course, everything apple! These beloved events highlight our area’s unique charm and support local businesses. We are seeking sponsors & participants for both events. **Don’t miss these festive celebrations!**

from the EXECUTIVE DIRECTOR

Stefanie Keegan

It’s August. July-ing! Eight months into 2025 and it’s been a busy one. We have welcomed 31 new members into the chamber and we have seen tremendous growth. We will be launching regular new member orientations about maximizing your membership. We want to make sure you get

the most out of your investment in us.

Our Summer Fridays will be launching this month and our office will be open for our members to see our Tourism Center and our offices. We are here to listen - our community is what keeps us going and makes us great. **We can’t wait to continue our growth and support the amazing and diverse businesses we have here in Warwick.**

from the **EVENT COORDINATOR**

**Jelena
Stamenkovic**

Since May, we've golfed in the rain, shared early morning donuts, and traveled near and far to connect with you. To those who joined us at our Golf Outing or one of our networking mixers, thank you. And to the businesses who welcomed us with open doors and put in extra hours to host, thank you. While my title suggests I coordinate events, none of these experiences would be possible without your support and enthusiasm. Thank you for showing up, showing off, and showcasing all that makes the Warwick Valley community so special.

As we approach one of my favorite times of year I begin to wonder what about it I hold dearest. Is it the engrained back-to-school feeling of new beginnings, my birthday, or dare I say Applefest? Although the community holds mixed

feelings about this annual festival, for me it commemorates my family's first visit to Warwick. Applefest was the catalyst for my Warwickian upbringing and ultimately why I'm writing this update for you right now.

We've spent the summer preparing for the season ahead, and I know many of you have, too. Working on Taste of Warwick has been especially rewarding, as last year's event was my very first day as your event coordinator! This year, we're excited to welcome back veteran restaurants and introduce some fresh new faces to the lineup. September stays lively with a Sunset Social at The Peach Grove House and an After Hours Mixer complete with activities at The Castle Fun Center. October certainly doesn't slow down as we'll celebrate our 35th Applefest, enjoy Witches' Night Out, and bring back Networking Bingo at Pine Island Tap House.

Hope to see you out and about this fall—**venturing from office to orchard!**

from the **TOURISM COORDINATOR**

Mary Collura

We may be on the map for apples, but I've found that the local favorite is sweet corn. I remember the most heated argument I witnessed between two locals was who has the best corn locally. I was so intrigued, that my niece and I purchased ears at every farm, market and stand and did a blind taste test based on color, kernel depth and taste. I won't tell you who the winner was, I'll let you decide yourself.

But...apples. I often joke that "you know you're from Warwick..." if you can name more than four types of apples or if you know what the term "bumper crop" refers to.

Some of my inside knowledge too refers to our annual Applesfest: have cash on hand because ATM machines may run out of cash to dispense and have a back-up meeting plan because often cell phone service slows down or comes to a complete stop.

You can learn all of this and so much more at our Tourism Center. This Summer we had visitors from as far as Australia. We are always seeking volunteers. I would like to thank our faithful and capable volunteers for the Summer: Marie, Alicyn and Lisa. Their dedication to their shifts and their enthusiasm to share their knowledge and experience has been **sort of magical, and a great addition to our community.**

now offering **GROUNDBREAKINGS**

Shovels for spring? Groundbreaking.

As many of you know, we have big scissors and they come with us to welcome new members to our wonderful community. But what about some of the big projects that have come into the Warwick Valley. Well, our friends at

the Village of Warwick DPW have loaned us their gold shovels, we got hardhats from Wadesons and stickers with our logo printed from Track 7 and now we are ready to support our members even more!

On June 20, Warwick Skatepark Initiative held their groundbreaking for the new skatepark in Veterans Memorial Park. On July 8, the Warwick Lions club held a ground breaking for the pump track, also located in Veterans Memorial Park.

Lorin Mask | Pearce Lane

5 The Circle, Warwick, NY

Mental Fitness Tips from Lorin Mask, your best friend @ work
www.lorinmask.com

Daily gratitude journaling can transform your mindset. I keep a notebook, lighted pen, and reading glasses by my bed. Each night, I jot down THREE things I'm grateful for. It doesn't have to be big: "a customer saved my life!" Never vague, "my family." Be specific and why it's important: "I'm grateful that my shipment came a day early. It allowed me to get a jump start on my new project."

Win: Everyday, you will see things that make you think, "I need to remember this for my journal later." **Subconsciously it increases "happy hormones" and helps you think better.**

Why Great Service Doesn't Mean Saying Yes to Everything

In The 4-Hour Workweek, Tim Ferriss reminds us that true customer service isn't about giving clients endless choices—it's about solving real problems efficiently. In professional services like law, this rings especially true. Clients often request a "simple will," but a good attorney knows to ask deeper questions, identify hidden risks, and guide the process with experience. Leadership means educating, not just executing. When professionals serve as guides and educators—in any profession—they ensure peace of mind by **delivering what's truly needed, not always just what's initially asked.**
