CHAMBER Connection

Vol. 4, November 2025

from the PRESIDENT

As 2025 draws to a close, the Warwick Valley Chamber of Commerce is proud to reflect on another successful year (our 86th!), highlighted by the recent, vibrant and well-attended Applefest. This beloved event brought our community together to celebrate local culture, artisans, and the bountiful harvest, making it one of our most memorable

festivals yet. Looking ahead, we are excited to invite you to our Annual Gala on November 20th—a night to honor our achievements, connect with fellow members, and support the growth of the Warwick Valley business community. As the holiday season approaches, we encourage everyone to shop local, celebrate safely, and embrace the warmth of our community spirit. Here's to a joyful season and a prosperous new year!

Stefanie Keegan

from the EXECUTIVE DIRECTOR

The “ber” months in Warwick have to be some of my favorite. We start October with Applefest- this year was an incredible day. People always ask why only one day? We spend almost 10 months preparing for an 8 hour event, and that is the magic- we open Warwick up in a special way to our neighbors, friends, and tourists to have a one day event that really lights Warwick up. Then we roll into November and we celebrate our gala. 86 years of the Warwick Valley Chamber serving the community. This year we are celebrating our bountiful community which provides us with so much joy and hope. I hope to see many of you there celebrating with us and

honoring our award winners who have made such an impact in this community. Then of course we have December... Nothing beats Holiday time in Warwick. The sound of the horses trotting down main street, the sled installed on Railroad Green thanks to DPW, and the cheerful feeling of happiness throughout the town. This year, local stores will have “support your local everything” totes for sale, last year we were able to raise \$2,400 for the Warwick Ecumenical Food Pantry, we hope to raise more this year and support the food pantries efforts, being able to donate cash is always a great thing for our local food pantries because they can use the funds to get what they are hearing is most needed. Enjoy the rest of the “ber” months in Warwick.

from the **EVENT COORDINATOR**

**Jelena
Stamenkovic**

As the leaves fall and the year winds down, I can't help but look back at the whirlwind of connection and celebration we've shared these past few months. From record-breaking attendance and the incredible variety brought by 19 local restaurants at Taste of Warwick to the lively crowds of our 35th Applefest, this season has been nothing short of eventful. A true reminder of how much we can accomplish when our community comes together.

Between mixers at Mattingly's Tavern, axe throwing at The Castle Fun Center, and networking bingo at Pine Island Tap House, the Chamber calendar has been full of laughter, learning, and evenings spent among friends old and new.

It's been inspiring to see our members show up for one another - whether at a workshop, over a drink, or playing to win.

Now, as we move into November and December, we're closing the year in style. Our 86th Annual Gala at the Red Tail Lodge will be an elegant evening of dinner, music, and awards as we "Celebrate the Bounty of our Community" and honor the hard work that makes Warwick thrive. After that, we'll gather at Grappa's La Piazza Lounge for our Holiday Party, complete with festive cheer and one lucky guest will win a 2026 Chamber Membership!

Thank you for making 2025 a year to remember. Here's to carrying this momentum into a new year of growth, gratitude, and community. See you in February for our next chapter!

from the **TOURISM COORDINATOR**

Mary Collura

One of my favorite childhood holiday memories is when my dad took me to see Santa Claus at the Warwick Chamber caboose (George Goodman, ED at the time, dressed as Santa). I'm not sure this was planned, I think we just happened upon it while running errands, but was such a fun morning spent with my dad in the Village of Warwick. My photo appeared in the paper that week, and my mom was a little annoyed that my dad didn't bother to comb my hair. (Don't worry, Mom, last time I was on the cover of the paper, I did not look like a "rag-a-muffin"!)

Nostalgia, for me, is such a huge part of the holiday season. When thinking back to my lifetime of shopping on Main St., it was clear to me that the one thing that has remained the same is customer service. A clothing store owner more familiar with my personal style than I am, the shopkeeper who knows what soap my sister loves and the gift shop owner who can tell me exactly what my Mother-in-law most recently had her eye on.

Dear merchants and staff, it is your keen attention to our lives that really making shopping locally a treat. It is, historically I believe, our trademark. I take such pride suggesting a tourist shop down Main St. having the confidence that will truly be taken care of. Thank you for all that you do and I hope you get some rest!

Balsamic vinegar offers a variety of health and culinary benefits, making it a versatile addition to many diets. Rich in antioxidants, it can help fight cell damage and reduce the risk of chronic diseases like heart disease and cancer. It also contains acetic acid, which has antimicrobial properties and may aid digestion by promoting healthy gut bacteria. Balsamic vinegar has a low glycemic index, making it a flavorful option for those managing blood sugar levels. In addition, it may support weight loss efforts by increasing feelings of fullness when added to meals. From a culinary perspective, its sweet and tangy flavor enhances salads, marinades, and roasted vegetables without adding many calories or fat. It can even be used as a healthier alternative to sugary dressings and sauces. **Overall, balsamic vinegar is not only delicious but also supports a balanced and nutritious diet when consumed in moderation.**

Smart Financial Moves to Make Before Year End

As the year winds down, it's time for a financial tune up.

Here are some steps to consider:

If you're 73 or older, you'll need to take required minimum distributions from traditional retirement accounts to avoid a 25% penalty on any amount you should have withdrawn but didn't. And if you're still working, consider ramping up your pretax retirement contributions. Not only will this help

your future self, but it might reduce your current tax bill. Now is also a good time to review your investments. Did they perform as expected? Do they still match your goals? You may need to rebalance.

One more thing: If you've had major life changes like marriage, divorce or a new baby, review the beneficiary designations on all bank and brokerage accounts. These often override what's written in your will.

Taking care of these and other financial tasks now can help you start the new year on solid ground.
