# CHAMBER Connection

Vol. 2, Issue 1

February 2026

Nicole Repose

## from the PRESIDENT

More than 20 years ago, I walked into my first Chamber luncheon with no idea of what to expect.

That afternoon, I met two people who would become my Chamber friends, mentors, and

eventually past presidents of this organization. None of us could have known then that the three of us, would go on to invest so much time, energy, and heart into the Warwick Valley Chamber of Commerce.

My 20 years as a member have shaped how I view the Chamber and why stepping into the role of President this year feels full-circle and deeply meaningful. And especially as a Warwick merchant.

Warwick has a secret sauce, and it's community over competition. If you look down Main Street and beyond, into our community you will notice something consistent. The businesses that have stood the test of time are more than just owners; they are stewards of this community.

They are the ones who volunteer, show up, and look for ways to offer their time, talent, and resources. They don't wait for an opportunity to simply flow in, because it won't. Warwick's charm and vitality exist because people actively invest in it, not just for business connections, but for the community that brought them here in the first place.

Part of my goal this year is transparency and helping businesses see what I see. Involvement in the Chamber is not just an investment in your own business, but in the ecosystem that allows all of us to succeed. The secret sauce really is simple: what you give, you get back.

As a member of the Chamber, I invite you to stop in, say hello, and let us get to know you. Share your feedback, your perspective, and your ideas. This organization is strongest when it reflects the people who make Warwick what it is.

I'm grateful for the opportunity to serve and excited for what we'll **continue to build together.**

## *from the* EXECUTIVE DIRECTOR

It's hard to believe we are already one month in to the new year, but the momentum keeps going. 2026 is gearing up to be a really exciting year. Membership renewals have gone out and it's been great to see how many of our members renewed their membership investment in us. The biggest compliment we get as a chamber is someone using their hard earned money to invest in us so we can invest back in them.

Behind the scenes, we have already started talking and planning for Operation Clean Sweep in April, the return of

the Farmer's Market for its 33rd year, our Golf Outing in May and even starting to talk about Applefest.

I want to thank the Golf Outgoing members of the 2025 executive committee: Mike Cordero, Kim Corkum and Alex McManus. Thank you for being so incredibly supportive of the chamber and its mission!

I want to also formally welcome the new members of our 2026 Executive Committee: Karen Pinkham (2nd Vice President) and Bina Patel (secretary). They join our new President Nicole Repose, our first Vice President, Matthew Guy, and our Treasurer, Kristen DeRosso-Dawson.

I'm so excited for all the **great things we are going to do together.**

**Jelena  
Stamenkovic**

## *from the* EVENT COORDINATOR

As we step into a new year, it feels fitting to pause and reflect on how far we've come together since this time last year. Whether you attended your first or tenth networking mixer, chose to sponsor one of our many esteemed events, or finally had the opportunity to open your doors for business, we're truly grateful that you've made the Warwick Valley Chamber of Commerce part of your journey. Closing out 2025 together at our Annual Gala and Holiday Party was a meaningful reminder of the connections we've built and the momentum we carry into the year ahead.

As we work on thawing out and gearing up for springtime events like Operation Clean Sweep and our Annual Golf Outing, I invite you to ease into the year by attending any of our upcoming mixers and workshops (they're listed on

the left sidebar of page 5!). These gatherings are designed to encourage conversation, collaboration, and the kind of connections that strengthen our business community.

One of the most rewarding parts of my role is collaborating directly with our members. Many of our programs and events exist because someone shared an idea, raised a hand, or asked, "What if?" If you've been considering hosting a workshop, leading a discussion, or partnering with us on something new, I'd love to hear from you. There's always room for fresh perspectives and new energy.

Here's to a year filled with meaningful connections, new ideas, and a few good laughs along the way. I'm looking forward to seeing you at mixers, workshops, and everything in between as we continue to grow, collaborate, and keep the Warwick Valley **business community thriving.**

**Mary Collura**

## *from the* TOURISM COORDINATOR

The shortest and darkest days of the year are always made easier by thoughts of spring and summer. While nature may seem dormant, we certainly are not—we've been planning some exciting things for the season ahead.

I've been enjoying the quiet of snow-covered streets, though I won't miss trudging through slush, carefully avoiding a slip while snow piles up on my hat and scarf. If you ever hear me complain about the summer heat, please remind me of this moment.

While events are limited this time of year, they are truly high-quality and filled with love: the Warwick Winter Wiggle, Warwick Cares Cards, and Galentine's celebrations. As spring approaches, Operation Clean Sweep offers the perfect opportunity for some much-needed spring cleaning.

As we continue preparing for spring, hang in there—we're almost there. **Warmer, brighter days are ahead!**

We are always looking for volunteers in the Tourism Center on the weekends from 10 a.m. - 2 p.m. in two-hour shifts.

## Frazzleberries Country Stores Wins First Place in Annual Holiday Window Display Contest from The Retail Council of New York

Frazzleberries Country Stores has been named the First Place winner of this year's Annual Holiday Window Display Contest in the state of New York, delighting visitors with a beautifully crafted, White Christmas-inspired storefront that blends classic movie magic with heartfelt family history.

The award-winning display was truly a family affair, created by store owners

Katie and Jerry Schlichting alongside their daughters, Libby (16) and Ellie (14). Known for bringing beloved holiday films to life each year, Frazzleberries exceeded expectations with this season's thoughtful details and nostalgic charm.

The display features several meaningful personal elements, including:

- A hidden petticoat from Katie's wedding dress beneath the red costume in the "Inn Scene" window.
- An antique brooch belonging to Katie's great-aunt Betsy, showcased in the "Sisters" window.
- Original movie programs from The Joylan Theater in Springville, New York—once owned by Jerry's family—also displayed in the "Sisters" window.
- Jerry's father's Army coat, prominently featured in the "Military" window.

Together, these elements create a display that not only celebrates the holidays, but also honors family traditions, history, and storytelling.

## NEW TAX LAWS FOR 2026 THAT YOU SHOULD KNOW

The New Year brings more than resolutions– it brings tax changes that could impact your wallet.

There's good news for retirement savers: You can put more into your IRA, 401(k) or other workplace plan this year compared to last year.

If you're a high earner age fifty or older, catch-up contributions must now be made into a Roth account– for tax-free income later.

Health savings accounts also allow more annual contributions.

When it comes to education savings, the withdrawal rate for 529 plans has doubled. And the list of qualifying expenses includes more options than before.

Charitable giving shifts too: Standard filers can deduct up to \$1,000 in cash gifts, while itemizers face new thresholds.

Tax changes can be complex. Work with a qualified financial advisor and tax professional to build strategies that make the most of new opportunities while minimizing your tax burden.

## WVHS STUDENTS COLLAB ON FESTIVE FREE PARKING PROJECT

Just before Thanksgiving, Warwick Valley High School floral design and engineering students collaborated on a holiday beautification project for the Warwick Valley Chamber of Commerce. As part of the Chamber's "Home for the Holidays," students created and refreshed more than 150 colorful bows to decorate parking meters offering free holiday parking. Floral design students learned and crafted standard pinch bows, while engineering students designed and 3D-printed a custom stamp to brand the bows, adding a creative and professional finishing touch to the project.

*Honoring Those We Love*

We serve clients who love their families by planning ahead of life's major twists. During my nearly 20 years of practice, I have also had the privilege of guiding some of those very families through the passing of their loved one, helping ensure their plans are carried out with as little additional stress as possible.

Until recently, it had been many years since I'd experienced a personal loss of my own. That changed in late December, when I lost my Mom.

Experiencing loss from this perspective has reinforced, in a deeply personal way, why empathy, patience, and thoughtful planning matter so much. It has strengthened my commitment to **bringing even greater care and support to the families we serve.**

We are here for you, whatever you need, and wherever you are in the process. That is my pledge, and my way of honoring my fantastic Mom!

Balsamic vinegar is a flavorful and versatile ingredient that offers both health benefits and culinary value. Rich in antioxidants, it helps combat oxidative stress and supports heart health by promoting healthy cholesterol levels. Its natural acetic acid content can aid in digestion and help regulate blood sugar, making it a smart decision to balanced meals. Balsamic vinegar enhances dishes without adding excess calories, providing a bold, sweet-tangy flavor to salads, roasted vegetables, meats, and even fruit. Incorporating balsamic vinegar into your cooking can elevate simple recipes while supporting overall wellness, making it an easy and delicious way to boost both nutrition and taste.

## Nebrasky Plumbing, Heating & Cooling

Spring is a Fresh Start for Your Home. Spring is more than just a season for cleaning; it's the perfect time for a home health check. Start by clearing debris from your outdoor AC unit and swapping out furnace filters to ensure peak airflow and efficiency.

Don't forget your plumbing! Inspect outdoor faucets for winter damage and test your sump pump before the April showers arrive. A little preventative care now saves you from an "emergency" later.

If you'd rather leave it to the pros, Nebrasky Plumbing, Heating & Cooling is right around the corner — your friendly neighborhood team, here to keep your home running smoothly all season long.
