CHAMBER Connection

Vol. 02 Issue 02 May 2026

Matthew Guy

from the VICE PRESIDENT

I am Matthew Guy, Warwick resident and the AVP Branch Manager for Rhinebeck Bank on Main Street. Becoming part of the Warwick family at Rhinebeck Bank also opened the door to joining The Warwick Valley Chamber of Commerce. After participating in the monthly mixers, ribbon cuttings, and other events within the community, gave me the push to join the board. Working for a community bank and then becoming part of the community chamber really has allowed me to see the wonderful evolution of our beautiful Warwick Community. It simply made me want to become more involved, which brought me to the current role as Vice President of The Warwick Chamber of Commerce. I believe all businesses should work local and making the meaningful connections with other members and community is the reason I felt joining the board/organization was **a foot in the right direction.**

Stefanie Keegan

from the EXECUTIVE DIRECTOR

We are almost halfway through 2026, which doesn't seem possible- but here we are!! As of April 28th we have welcomed 30 new members to our chamber. I can't tell you how fortunate we at the chamber feel for all of these businesses to invest in us. We do what we do because we want to support the incredible multi-faceted business community in this wonderful town. Every year the Warwick Chamber provides a scholarship to a graduating senior and we ask them "Why Warwick? Why would you start a business here?" We receive so many thoughtful answers and celebrating the accomplishments of these young students is a highlight of our year. How do we raise money for this scholarship? With our golf outing 50/50 tickets! If you would like to help support this scholarship and possibly win some money for yourself, we have tickets for sale. You can stop by the chamber Monday thru Friday from 10 a.m. to 3 p.m. to buy some!!! The winner does not need to be present to win, and its a great way to support this program that reinvests in to our community to **make sure the Warwick Valley continues to thrive!**

from the **EVENT COORDINATOR**

Have you taken a moment to take in the changing of the seasons? The sound of birds chirping, the sight of petals being carried in the breeze, and the fully immersive experience of navigating road work crews? Although a day here doesn't go by without a beep, rattle or rumble we are open and ever grateful that the villages are getting the updates they need in time for our busiest seasons.

Although quieter, we've got a bit of construction going on ourselves. In case you didn't know, our website gets over a million views a year. I'm looking to continue growing this number with the addition of event specific landing pages geared

towards highlighting our major annual events year round. That way, visitors and locals alike will be reminded that there's always something to look forward to in the Warwick Valley.

Meanwhile, just around the corner is our 6th Annual Golf Outing. This year our outing will be held on a Thursday at Crystal Springs to kick off Memorial Day Weekend a bit early. That way you can soak up what our community has to offer all weekend long! If you weren't able to snag a spot on a team, we have our regularly scheduled morning and evening mixers at the ready for more opportunities to connect and unwind.

As always, my inbox is open for fresh ideas on how **we can gather, support, and make the most of the season.**

Mary Collura

from the **TOURISM COORDINATOR**

Last month we held an "unofficial," but very special Ribbon Cutting for our dear friend, Sonia. It was her ninth birthday on April 9, and for the past year she has been planning her "surprise" ribbon cutting for her Golden Birthday. Oh, and it had to be her ninth ribbon cutting.

This is by far the craziest idea I've ever gone along with, but the result was so worth it. She was indeed surprised and had a smile from ear to ear. After we cut the ribbon, Mayor Newhard made a beautiful heart-felt proclamation, officially marking the occasion of Sonia's Golden Birthday.

The proclamation spoke of Sonia's love for our community, her championing of local businesses and her enthusiastic attendance of Ribbon Cuttings.

There were all her favorite foods, orange Fanta, a Spinata and a fun game of "pin the party hat on Clinton Wheeler Wisner," made by our beloved friend and Village Artist in Residence, Nicole Hixon. What started as an "Ok, can we really pull this off,"

turned into a little girl's dream Warwick-themed party that was more precious and impactful than I was prepared for. But isn't that how it goes, finding the reasons we love what we do in the most unexpected circumstances.

As we welcome in new and returning visitors this season, I will continue to be inspired by Sonia's kindness, curiosity and her **love for our community.**

March 5, 2026

The Warwick Valley Chamber was so excited to welcome Village Acorn to 29 Main Street in the Village of Warwick. This is not just a store, but a community space with story time, activities, and a space for littles to play.

March 27, 2026

Opening The Mountain Store was on Jessica Cardellas bucket list for many years. She grew up visiting northern Vermont and Maine, and her husband was raised on the Vermont ski slopes. With The Mountain Store the goal is simple: to bring that same excitement to Warwick. Jessica wants locals, weekend visitors, and everyone passing through to find high-quality outdoor apparel from brands she and her family personally love, trust, and wear themselves; gear that makes every adventure more comfortable, fun, and stylish. Congratulations!

WHICH RETIREMENT PLAN IS RIGHT FOR YOUR BUSINESS?

If you're a local business owner, a workplace retirement plan can be a powerful tool-helping you manage taxes, support employee retention and build long-term financial security.

Despite common misconceptions, these plans aren't just for large companies. Today's options work for businesses of every size.

- If you're self-employed or don't have employees, there are three commonly used types of plans:
- A SEP IRA is simple, low maintenance and lets you vary contributions each year.

- An owner-only funded 401(k) offers higher contribution limits and borrowing features in exchange for more complexity.

And an owner-only defined benefit plan allows the highest contributions and provides guaranteed income. (But this option requires steady funding and more administrative work.)

If you do have employees, additional options like a SIMPLE IRA, traditional or safe harbor 401(k), or a cash balance may fit your needs.

A financial advisor can help you compare these choices and select the best fit for your business and your retirement goals.

Orange County Businesses: Planning Is No Longer Optional

By Valerie K. Zammiti, JD, MBA, LLM

Running a business in Orange County today requires more than grit. Between economic uncertainty, rising costs, workforce pressures, and a shifting political landscape, business owners are being asked to make faster, higher-stakes decisions than ever before. Planning is no longer a "someday" task. It's a risk-management strategy.

I was recently reminded of this in a very small way: a last-minute scramble for my daughter's concert because I hadn't planned ahead. It worked out (sort of) but it disrupted everything else. In business and in life, the consequences of not planning are rarely convenient, and often far more costly.

Now scale that up. What happens to your business, your family, and your employees if something unexpected happens to you? Who has authority? Who makes decisions? Is it written down, current, and legally sound?

At Zammitti Law, PLLC, we see firsthand that planning isn't about pessimism. It's about protecting what you've built. So Please Plan. **Your business, your family, and your future depend on it.**

Core Theatre Group

46 Bowen Rd., Warwick, NY

A comedy of Family, Finding Home, and Flan! Core Theatre Group presents DO YOU SPEAK MEXICAN?, May 15th-17th, at Forge 28 Studios, Warwick, NY.

When two Cuban-Americans attempt to bridge the gap between their heritage and their zip code, things get... hysterically complicated.

From Carbonell Award winner Elena Maria Garcia and Chris Perez, this duo-monologue comedy explores the triumphs and heartbreaks of life's old and very new challenges. It's a night dedicated to the "heavy lift" of being first-generation, the weight of the stories we carry, and the realization that no matter how far you drive, your mother and father's voice is **always in the passenger seat.**
