Vol. 02 Issue 03 August 2026

from the PRESIDENT

Matthew Guy

The motto of my life is "It can not rain forever." The clouds may hover above and the rain might come pouring down but eventually the storm will pass.

I was working at a group home with the developmentally disabled with tendencies of being aggressive. During my time at this institution, I unfortunately experienced a spinal injury that required surgery. After the surgery, I was sadly let go from this company and with no college education I immediately went into panic. Stressed about what I was going to do in life I made the decision to move back in with my parents and go back to school. A few weeks after starting college again, I received a call from Rhinebeck Bank that I was being hired as one of their tellers. Although my degree was going in a

different direction from finance, I still maintained the full time classes at night while working full time in the day. Two years later, I graduated with my degree but decided to hold onto my position at the bank.

Rhinebeck Bank has been nothing short of phenomenal. Always supporting the local community but never forgetting to support their staff. With everything that happened at my previous job I did not believe that I would find my footing in another career. Becoming the Branch Manager for Rhinebeck Bank in Warwick has been such a blessing. It opened the doors for me to become not only a member of the chamber but also a board member and eventually the President.

The storm has officially passed and I couldn't be more grateful for the abundance of support I have received from **everyone throughout the years.**

from the EXECUTIVE DIRECTOR

Stefanie Keegan

Few things are better than summer in Warwick, which is a lot coming from me since I am not a fan of the heat, but this summer it really dawned on me how very lucky we are to live here and to experience the beauty of the four seasons here. Sitting outside of grappa sipping a glass of pinot grigio seeing everyone shopping, laughing and enjoying

the beautiful village around them. Berry picking at Och's and petting their animals and stopping by the farm store to get some delicious treats. Going to Mountain Lake Park and hanging out at one of the 3 pools, including the new splash pad, and realizing we live in one of the best places in the State, if not the entire U.S.A. If you haven't had a chance to take in some of the greatness of Warwick this summer I hope you do- in fact a great way to enjoy some summer is joining us August 5th at Galloway Grill for an after hours mixer on **their beautiful patio!**

from the **EVENT COORDINATOR**

After a couple of weeks away, I wasn't quite ready to let vacation mode come to an end. There's something refreshing about waking up each morning with no real agenda beyond discovering what the day has to offer. As much as I enjoyed the adventure, I also came home with a renewed appreciation for the place we get to call home. Although, I could have done without my first post-vacation shower being cold thanks to a gas line replacement while I was away...

Instead of rushing back into routine, I found myself extending that vacation mindset with a trip to a local orchard, browsing village shops, and making plans to catch up with friends over dinner. It reminded me that we don't have to travel far to discover something new. Sometimes

it's as simple as taking the scenic route home, trying a restaurant you've been meaning to visit, or finally stopping into that shop you've walked past a dozen times.

That feels especially fitting as we head into one of my favorite times of year. Soon we'll welcome visitors from near and far for Taste of Warwick and Applefest, eager to experience everything that makes the Warwick Valley special. While they're planning a getaway, those of us lucky enough to call this place home have the opportunity to enjoy it every day.

So before the fall calendar fills up, I encourage you to embrace a little vacation mindset of your own. Wander a little longer, support a local business you've never visited, and enjoy the community we're proud to share. I'll see you at Taste of Warwick, Applefest, and hopefully **somewhere in between.**

Mary Collura

from the **TOURISM COORDINATOR**

I've become quite the traveler in the past few years, which was something sort of unexpected. I've got it down—driving to the airport, parking, checking in, fitting all my stuff in a carry-on. I even have all my toiletries and makeup in solid form to make the carry-on process easier!

When I arrive to a new place, I love to look up their local government and I've been known to sit pool-side and read through the city's budget. Really fun and relaxing, I know.

I also love to check out the local Tourism Center. I grab any info I can and my collection continues to grow. I always come home with fresh

eyes and new ideas of things to add and ways to improve interaction at our Tourism Center.

The Tourism Center, located in front of the Chamber office at 75 Main St., has continued to get many visitors this Summer. It's been such a pleasure to see the office function exactly as envisioned: connecting people with information and resources; suggesting and planning activities; and leaving a lasting impression of a pleasurable experience.

Our team of volunteers are in the center on Saturdays and Sundays from 10 a.m. - 2 p.m. and are knowledgeable and helpful. The Tourism Center is not just for tourists! And if *you* are interested in reading our Town or Village budget pool-side, we could direct you to **where to find that!**

St. Anthony Community Hospital

15 Maple Ave., Warwick, NY

Caring for Warwick, Close to Home

For more than 80 years, St. Anthony Community Hospital has been part of the fabric of Warwick and the surrounding region, caring for neighbors, welcoming and helping new families through some of life's most important and challenging moments.

As a member of the Westchester Medical Center Health Network (WMCHealth), St. Anthony offers the personal care of a community hospital backed by the expertise and resources of a comprehensive health network. This means local residents can access a wide range of high-quality services close to home, surrounded by people who know and understand the community.

That commitment has earned national recognition. St. Anthony received an "A" Hospital Safety Grade from The Leapfrog Group for its efforts to prevent medical errors, infections and injuries. The hospital also earned a five-star Overall Hospital Quality Rating from the Centers for Medicare & Medicaid Services.

The hospital continues to invest in programs and technology that make a meaningful difference for patients. Its Joint Replacement Program earned The Joint Commission's Gold Seal of Approval® for Total Joint Replacement, recognizing the coordinated care patients receive before, during and after surgery. The program

offers hip, knee and shoulder replacement, including robotic-arm-assisted knee procedures.

A significant upgrade to the Radiology Department is also helping patients receive faster, more accurate diagnoses. New technology includes a low-dose, high-speed 256-slice CT scanner, 3D mammography and advanced nuclear medicine and diagnostic imaging.

These investments are about more than adding new technology. They reflect St. Anthony's ongoing commitment to providing patients with timely answers, effective treatment options and a better overall experience. By continually strengthening its services, the hospital helps more residents receive advanced care without having to travel far from their families and support systems.

St. Anthony's care reaches beyond the hospital's walls. In partnership with the Town of Warwick, the hospital donated an advanced 12-lead EKG device to the Greenwood Lake Volunteer Ambulance Corps. The equipment can send cardiac information directly from an ambulance to the Emergency Department, helping local first responders and hospital teams make faster, potentially lifesaving decisions.

St. Anthony is also preparing to better serve its youngest patients. A recent state grant will support enhanced pediatric emergency readiness through specialized equipment, training and care protocols.

From emergency and surgical care to cardiology, women's health, rehabilitation and advanced wound care, St. Anthony is here for the community at every stage of life.

Behind every achievement are the physicians, nurses, employees, volunteers, first responders and community partners who make this work possible. Together, they are helping St. Anthony Community Hospital remain what it has always been: a trusted neighbor and a place where the community **can turn for care**.

Think employee engagement surveys are only for big corporations? Think again. Every-sized business benefits from asking people how they feel at work. A third-party survey can help! Employees open up when the questions aren't coming from the boss. Three reasons to survey: 1. Small teams amplify both good and bad culture fast. 2. Turnover costs hit small companies disproportionately hard. 3. It gives owners something they usually don't have — an objective signal. Good news - you don't need a six-figure contract with a big-name firm to get there. I am certified, experienced AND local. Reach out **to learn more!** lorin@lorinmask.com

YourPlanningAttorney.com

By Valerie K. Zammitti, JD, MBA, LLM

By 2035, McKinsey estimates that approximately six million small and midsize businesses will face ownership transitions as baby boomer owners retire, representing more than \$5 trillion in enterprise value. For local business owners, that transition may not come only through retirement. It can also happen because of illness, incapacity, family emergency, unexpected death, or the sudden need for someone else to step in and make decisions. In Warwick, our local businesses are more than storefronts, offices, restaurants, farms, and service providers. They are family legacies, local employers, community gathering places, and the heartbeat of our economy.

That is why every business owner should ask: Who could legally keep things running if I became unavailable tomorrow? A business continuity plan should work together with your estate plan. If you own a business, now is a smart time to schedule an estate planning session or review to make sure your documents, ownership structure, and decision-makers are aligned before a transition or emergency **forces the issue.**

**DON'T MISS THE CHAMBER'S
CALENDAR OF EVENTS**

One Oakland**1 Oakland Ave., Warwick, NY**

One Oakland is proud to rejoin the Warwick Chamber of Commerce as one of the community's longest-serving businesses in the heart of the Village. Formerly Caffè à la Mode, established in 1998, Meredith and Tom Torres reimagined a well-established café, bringing new life while preserving all the same flavors you know and love.

From the installation of a 1930s coffee bar to masterfully crafted wooden booths, the One Oakland space was built to welcome the community and visitors alike to relax and feel at home. And it was built to last.

Our menu features all the classic breakfast favorites, high-quality deli meat sandwiches and wraps, organic spinach salads, 100% Angus burgers (yum), a soda fountain, hand-whisked matcha, fine espresso drinks, fresh-squeezed juices, and dirty sodas—to name a few.

The OO staff are exceptional; they train diligently to serve our guests exactly what they order with genuine care and warmth. They also love customizing drinks, so just tell them what you're feeling and they'll create it behind the coffee bar! Our staff is truly awesome. We invite you to come say hello and enjoy the full One Oakland experience. We are open seven days a week, 365 days a year. **See you soon!**

"We couldn't be more excited to welcome One Oakland to Warwick's vibrant Main Street. For more than two decades, Tom Torres has built a business that has become a destination in our community, known for its outstanding food, welcoming atmosphere, and commitment to excellence. It's exciting to see Tom and Meredith Torres build on that success with the rebranding and expansion of One Oakland. Their continued investment in our downtown reflects the entrepreneurial spirit that makes Warwick such a special place, and we wish them and their entire team continued success in this exciting new chapter."

Japanese Beetles: Farmside can Help

If you've seen the Japanese beetle on your property, we want you to be in the know-

Japanese beetles are actively chewing your prized plants, it's safe to say they are not picky eaters as they will feed on hundreds of different plant materials.

If untreated, they will severely damage trees and plants, killing them if the populations are high enough. By September, they will have eggs hatching in your landscape that will mature into grubs, destroying grass roots.

Don't wait to protect your landscape from these pests-**Farmside can help!** Give us a call today at 973-875-7200.

**WARWICK VALLEY OLIVE OIL****20 Railroad Ave., Warwick, NY**

Grove to store!

At our store, every olive oil and vinegar has a story that begins far beyond our shelves. We source from renowned regions of the world, following the harvest seasons across both the Northern and Southern Hemispheres to ensure the freshest products. As one harvest concludes in countries like Italy, Greece, Spain, and Portugal, another begins in Australia, Chile, Argentina, and South Africa, allowing us to offer vibrant, recently crushed olives and pressed extra virgin olive oil. Our collection of premium vinegars is equally global, featuring balsamic vinegar from Italy alongside specialty vinegars crafted in countries celebrated for their tradition and quality. By working with trusted producers and carefully selecting fresh, and vibrant flavored batches, we preserve the distinctive character, aroma, and flavor that only freshness can deliver. From the grove to your table, every oil and vinegar reflects various climates, soil, and craftsmanship. We believe that knowing where your olive oil and vinegar comes from, and enjoying them at their peak makes a difference. We are proud to bring the world's finest harvests directly from grove to store, and from our store **to your kitchen!**

Peach Grove House

1572 NY-17A, Warwick, NY

One year ago, we celebrated the opening of Peach Grove House. Since then, we've had the pleasure of welcoming guests from across the country, as well as many returning to Warwick to visit family and friends. It's been a joy to celebrate with them and introduce them to everything that makes our community so special.

They've come for concerts, wineries, hiking, family celebrations, weddings and quiet weekend getaways. Along the way, they've enjoyed our restaurants, shops, farms, and the warmth and hospitality that make Warwick such a special place.

As we celebrate our first anniversary, we're grateful to everyone who has crossed our doorstep, and to the businesses, friends, and neighbors whose support has made our first year so memorable. We look forward to welcoming many more visitors to Warwick **in the years ahead.**

Inn at Stony Creek

34 Spanktown Rd., Warwick, NY

A stay at the Inn at Stony Creek feels like stepping back into a gentler time, without giving up modern conveniences and comfort. Imagine Bill Signor and Joe Campone (Innkeepers) greeting guests on the porch sharing stories of the past 25 years. They kept the 1840's farmhouse character in tact with its wide floor boards, period antique furnishings and creaky charm. But then you notice the smell of fresh baked Challah bread and the homemade almond cloud cookies and you think wait a minute, this is the real thing! And if you wander down the path there's Stony Creek itself slow and glassy with the resident ducks and geese playing or begging for bread. The Inn feels more like visiting dear friends than checking into a hotel or Airbnb. So over time the Inn became more than just a place to sleep. It became a hub for exploring Warwick's wine country and local breweries. Guests might wander in for breakfast from other countries and states making for an interesting exchange of experiences and ideas. Weather permitting, you can enjoy breakfast outside on the porch or back deck. The atmosphere stays warm and personal and just a little nostalgic, like a place that remembers all its guests in some gentle way.

In the year 2000, Bill and Joe noticed a need for tourist lodging with the addition of Woodbury Common Outlets (20 mins away), local breweries, wineries and distilleries. Bill explained "what sets us apart from other accommodations is our full service. Whether it be multi choice breakfasts, table service, room service, in house massage therapists or concierge service, we offer it"

Breakfast dishes feature farm fresh eggs, fresh baked breads, Joes signature- Homemade Challah bread french toast and Lemon Ricotta pancakes among other tempting choices. All 6 rooms have private baths, many with ground floor private entrances and whirlpool **tubs for two!**
